

Angle Lake Manor's First Audience with the Queen for the benefit of the people this Tuesday!

You are invited to an audience with The Queen, who respectfully requires your attendance, at the first monthly Meeting of the Royal Manor.

Come suggest festivities and folly for the New Year. Voice your concerns and discuss safety issues and help form plans to make our neighborhood an even better place to live.

Tuesday, January 19th at 6 pm
3316 S. 194th St. Dress is Casual

The Queen supports support.

How can we as a community support one another?

1. Come to the monthly meetings.
2. Volunteer to head up or help with activities.

Queens excel at delegation. Lessons in this valuable technique will be offered free, so once you volunteer to head up an event you can delegate it all away. Like your own mini fiefdom.

This queen feeds the hungry so taste tests will be offered from the royal forest and farmers market, also known as Farmigo. See back of flyer.

As the royal we, wishes the royal you to stay healthy and strong for years to come we will ask you to take a look at joining our Angle Lake Farmigo community.

In place of tributes such as precious gems, please bring your yearly dues of \$35. or mail them to Jayne Wissel at 3725 S 192nd St. SeaTac, WA 98188

Manners for the Manor in 2016

Decorum counts! Belittling and beheading are so yesterday.
So, if we don't invoke one, we won't have to invoke the other.

Luscious Food from Farmigo, Our Local Farmers Market that Delivers Right to Angle Lake

It's Farm to Table, an online farmers market that delivers to our neighborhood. No middle man means fresher food and lower prices!

- The food is organic and locally sourced.
- Fruit and vegetables are super fresh, picked the day before delivery.
- The meat, fish & dairy & eggs are free range, grass fed, hormone free and/or wild.
- Baked goods are made fresh when ordered.
- Average cost is 15% less than grocery organics.
- No fees, no commitments, no minimums, order what you like, when you like.

Pickup at the Royal Residence of the Queen each Wednesday where high tea and taste tests are served from 5 to 7pm.

This is a great concept and so convenient, but something is missing. You!

Farmigo is committed to a low carbon footprint. But in order to keep it so, our neighborhood needs to maintain a minimum of ten orders a week. If many of us join and order occasionally, then ten orders a week will be a snap. There is no fee to join.

We have 21 members so far, so jump on board, help me build this community and reap the incredible taste and health rewards of organic food fresh from the farm and local artisans!
