Treasurer's Report: Bob Simmons

We have 87 homes in the Manor who have paid their dues. We also have a generous donation from a neighbor to pay for 10 homes who may need assistance. We have reached a total of 97 out of 124 homes with dues paid for 2023. To see if you have paid, please contact our treasurer, Bob Simmons, (360) 747-3773.

We have roughly \$4500. In our account. Summer has incurred the usual expenses, nothing new. Our Treasurer's report and meeting minutes are always available on our website. <https://anglelakemanor.com/>

Hospitality: Laura Rankin

Flowers were sent to welcome two new families to the neighborhood.
The Eduardo Munoz family – Welcome to our neighborhood!
Yusef Masudi and Shauna Larson – Welcome to our neighborhood!
We hope you feel welcome here.

Flowers and a card were also sent to Rosie Vennetti, who lost her brother and then suffered a fall and a broken knee cap the end of July.

Beach Lot News:

We had an agenda item concerning our dock at our shared beach lot.
Queen Tani Rae has an estimate from a local contractor to replace the rotting log floats and styrofoam.

\$4000 in materials and \$3500 in labor costs. This includes removal of any Styrofoam and dump fees.

A suggestion was made to hold a fundraiser to repair the beach lot dock.

A suggestion was made to open a separate account for the dock repair.

A suggestion was made to ask for volunteers to save on labor costs.
A suggestion was made to get another estimate for comparison.
Queen Tani Rae will get another estimate and we will discuss further.

Illegal Fireworks Discussion:

Angle Lake Neighbors suffered repeated percussive firework explosions on the 4th of July. Our local Resource Officer told us at our Block Watch meeting that because of the way laws were written in SeaTac they were impossible to enforce. First the last minute change to allow *certain* fireworks, was not introduced in time nor were the officers educated on what is illegal and legal. Second the law as written does not allow a citation and fine unless the officer witnesses the offending illegal firework being deployed. He encouraged us to write to our local council members to address this issue and avoid confusion next year.

We were told that the city of Sammamish managed to change the law so that an officer could fine the household that set off illegal fireworks by just observing them go off above the house, witnessing the person setting them off wasn't necessary.

Signatures were collected to send a petition to the offending household to let them know that we as a community wish them to cease and desist.

You can help by writing to council members and asking them to re-write the law regarding legal fireworks in SeaTac so our police officers have an actionable response to illegal fireworks in the city.

We believe that Deputy Mayor Negusse and Peter Kwon are the most familiar with our neighborhood. The more of you who write, the more seriously they will take this issue. Simply state your name and address and request they rewrite the laws so that homeowners can be cited and fined for illegal fireworks being deployed from their property without the officer having to witness the actual lighting.

Here are your SeaTac Council members email addresses:

Cell Phone Issues:

Some of our neighbors are having issues with cell phone calls being dropped and then not being able to reconnect. Contact Fran Reid, (206) 683-9204, if you are experiencing this and compare notes with her experience. If it is common and a pattern perhaps we can get help figuring out why it happens.

Jonathan's Birthday:

Jonathan Standridge, our Queen's consort and all around *GO TO GUY, MR FIX IT*, and *MR ORGANIZE IT* had his birthday celebration at our National Night Out. He received a barrel of good wishes and advice. We are thankful for his support and willingness to step up to keep our community running smoothly.

We were really pleased to hear from our local firefighters and police officers that they think our National Night Out serves up some excellent food! Gold stars to all who attended and provided side dishes for our chef, Dave Rankin, who rocked the hamburgers and hot dogs again this year !! We were treated by officer T.R. Brunner to a demonstration of the department's new drone. It is an impressive machine. He generously shot pictures of our NNO gathering from above and gave them to us. Here are some of them.

And now, if you have anything to communicate we have many ways to do it thanks to Rotem Youssef.

BETTER COMMUNICATIONS: Rotem Youssef set up a WhatsApp Community for us with five groups to help get messages out to us and allow us to share resources efficiently. **Here they are below. Follow the links and join.**
